In parliament

**Human Trafficking**
"People are now the second-most lucrative criminal commodity in Scotland. Prostitution is the market, the market creates demand, the demand fuels the need for more and more human trafficking. And unlike a drug, a girl can be sold over and over again, creating huge profits."

**Child Poverty**
"The IFS says that an additional 1.2 million children will be pushed into relative poverty by 2021 because of UK tax and benefit changes. The root cause here is a Tory Government."

Gender Pay Gap

Proud to be with female firefighters at Scottish Fire and Rescue Service at their HQ launching the #GenderPayGap report from the economy, jobs and fair work committee.

The gender pay gap is a very real issue, and this report offers a number of recommendations to address it.

Puppy Tail-docking
Many constituents contacted me about the issue of dog tail shortening/docking, which the Scottish Parliament voted on in June. This was a very sensitive issue that I addressed publicly.
